MIRACULOUS CURE BY CUTICURA REMEDIES

When my little ber was six months old, he had eczema. The soles extended so quickly ever the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large snough to put a

was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body, was covered over and over. We had no rest by day or night. Whenever he was iald in his bed, we had to pin his hands down: otherwise he would scratch his face, and make an open sore. I think his face must have itched most fearfully.

"We finally thought nothing could bely, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, chlerwise he was to be put under good medical care there. But, lord be blessed, matters came differently, and we soon asw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soop, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before." F. On account of the promisence of the testator, who was several times a Republican candidate for the gubernatorial nomination in Virginia, a fermer United States district attorney for the Western District, and United States marshal of Oklahoma Territory during the Harrison administration, the suit attracted wide-spread attention in the Sinte.

The contestants alleged that Captain Lurty was mentally incapable of making a will during the last two years of his life, and that Miss Smith exerted undue influences while nursing the restator. The hearing was full of testimony of a sensational character, but the contestants
